Program: Associate of Applied Science in Digital Media
Minimum Credits Required: _____

Associate of Applied Science in Digital Media

The Digital Media Technology Associate of Applied Science degree plan focuses on three areas of concentration: Web/graphic design, interactive media design, and instructional design.

The Digital Media program is designed for individuals wanting to obtain, entry level, continuing education, and advanced skills in the following areas: web & graphic and interface design best practices, HTML, CSS, JavaScripting, 508 compliance, JQuery, Mobile technology, Content Management Systems, Adobe Creative Suite, social media applications, SCORM compliance, and much more.

The Associate of Applied Science degree is recommended for students who wish to eventually pursue a bachelor's degree or a management position in the industry. The academic courses included in the AAS degree will transfer to four-year institutions and provide a broad training for the industry.

Related Degrees and Certificates: Certificate, Digital Media, Marketable Skills Achievement Award, Web Designer, Enhanced Skills Certificate, Social Media Communication & Design, Enhanced Skills Certificate, Web & Mobile Application Design, Advanced Technical Certificate, Instructional/eLearning Design
