Enhanced Skills Certificate, Web & Mobile Application Design

The enhanced skills certificate in Web & Mobile Application Design provides a high level of applied knowledge pertaining to HTML & CSS driven mobile applications that will help launch a career as a cross platform mobile app designer, or elevate current positions. Students must demonstrate proficiency in interface design, responsive design for mobile applications, advanced web skills that include programming and scripting. This enhanced skills certificate is to be earned in conjunction with the Associate of Applied Science Degree in Digital Media.

Related Award: Associate of Applied Science in Digital Media

Certificate Requirements (Total Credit Hours 7)

Semester I

Course Name	Term Taken	Grade	Gen Ed
IMED 2357 - Interactive Digital Media III			
INEW 2434 - Advanced Web Programming			

Notes:

A course may be used only once to fulfill degree requirements.

The student is encouraged to carefully examine requirements at the transfer institution. Requirements vary from institution to institution and can change from one year to the next.
